

## TOWN OF CAMBRIA PERMANENT HOME GENERATOR REQUIREMENTS

The following information is intended to assist the homeowner in having a permanent generator installed in a safe and ordinance compliant manner.

A permit is required:

- The permit may be obtained by either the property owner or the contractor for the property owner.
- The contractor must have proof of valid NYS Worker's Compensation & Liability Insurance.
- If the homeowner is the contractor, they must have a Residential insurance waiver filled out.

Proposed location on the lot must be provided:

- A **copy of the survey of the property** is needed so that it can be determined that the proposed location complies with the following:
  - The Local Zoning Ordinance
  - The NYS Building & Fire Codes
  - National Fire Protection Association Standard NFPA 37
  - The manufacturers installation instructions
