**Reports:**

**Chairman-** Mr. Amacher informed the Board that a 900 acre Solar Farm is being proposed in our area. The proposed Solar Farm would utilize 750 acres of land in the Town of Cambria and 150 acres of land in the Town of Pendleton. Board Members were encouraged to read a recent article in the Buffalo News. When asked by the Board who owns the property that would be involved in the proposed Solar Farm, Mr. Amacher advised the Board that it is his understanding that Mr. Ohol was one of the landowners involved in the proposed Solar Farm. Mr. Amacher further stated that the proposed Solar Farm has gone to the State under Article 10, which removes the Towns involvement, the State of New York becomes the lead agent. The Board asked for further information on this proposed Solar Farm. Mr. Amacher stated he will keep Board Members informed.

**Building Inspector-** Mr. McCann explained that owners of last year's popular Sunflower Field are creating a Sunflower Farm with off road parking. Visitors can park in a parking lot which will eliminate traffic congestion and possible safety issues. In addition to the Sunflower Field they will have various items of interest and a food truck for visitors.

**Attorney-** Nothing to report at this time.

**Board Members-**Mr. Roberts stated the Town of Cambria has hired an outside attorney to assist the Town with the proposed Solar Farm. Mr. Roberts stated that the proposed Solar Farm will be of no benefit to the Town of Cambria. He stated this project is not going to happen overnight it may take three (3) or four (4) years. The State has a seven (7) person Board five (5) members of the Board are appointed by the Governor and one (1) representative from the Town of Cambria and one (1) representative from the Town of Pendleton. The State is involved in a project of this size and magnitude. The Town of Somerset has spent a substantial sum of money to fight the windmill project proposed in their town. Mr. Roberts further stated that it appears that the majority of residents oppose the proposed Solar Farm, but has concerns about the cost of fighting this project. The Air Base has expressed concerns about the glare the proposed Solar Farm will create. It has been stated that the glare from Solar Arrays can vary based on the manufacturer.
