Tyler Booth

5182 Ridge Road, Lockport, NY 14094

Tyler Booth was present at the meeting to address questions that he stated he is not getting answers to. A very lengthy discussion was had.

Mr. Booth addressed Mr. Billingsley wanting to know where this law is stating in a letter about a limit to the Zoning Ordinance on accessory buildings permitted on a parcel used by a special permit applied to this instance. Mr. Billingsley stated the question is what Mr. Booth's principal use is. Mr. Billingsley is under the understanding that it is for a farm museum and for public events. Previous correspondence to Mr. Booth was intended to advise Mr. Booth that if he wants to add additional structures it might be handled a little differently if it was a new structure versus if he was replacing something that had previously been there. Mr. Booth feels that he is being discriminated against. Mr. Booth suggested setting up a meeting for the Zoning Board

Zoning Board
